The Center for Microfinance Initiatives & Networks

Renmin University of China (CMIN)

The Center for Microfinance Initiatives & Networks of Renmin University of China (CMIN) founded in 2014, is a non-profit organization dedicated to promote financial inclusion development for building a **Good Finance and Good Society**. As a research center and innovator in financial access, CMIN leverages resources from Renmin University of China (RUC) and major stakeholders from home and abroad for research and initiatives in microfinance and emerging standards, which will accelerate regulatory best practice, helping create financially sustained market services for the poor and low-income groups as well as micro-entrepreneurs in China. Key activities of CMIN include: providing theoretical support for policy-maker and practical exploration in Microfinance industry by conducting academic research; exploring the tailored development patterns of Finance Inclusion in China by conducting exchanges & co-operation; and promoting the development of financial inclusion by drawing international advanced experience.
